**Instructions to Authors for submission of articles:**

**GENERAL INSTRUCTIONS:** Submitting the manuscript is a representation that it has not been copyrighted or published, and is not being submitted for publication elsewhere.

A forwarding letter with personal declaration should be submitted to the Editor-in-Chief along with the paper mentioning that the paper has not been copyrighted or published, and is not being submitted for publication elsewhere and agree to pay the Processing Registration Fee (PRF) for publication of INR 5,000/- for Indian and USD 150 for foreign authors payable to "ISWMAW" by bank transfer or online ([www.iswmaw.com](http://www.iswmaw.com)) after the acceptance before publication. The forwarding letter should mention the name of the Plagiarism Detection Software (PDS) used and the % similarity found for the paper and mention the **Novelty in the paper in 45 words**. The Papers should have a main author to whom correspondence will be sent. The main author carries full responsibility that all other authors have approved the manuscript and to pay the PRF.

**List of reviewers:** Submit the list of four reviewers [two from other country/ies and none from author's organisation/s, name, designation, affiliation, email id and mobile no].

---

**MANUSCRIPT:** Include all authors' name/s and affiliation/s on the first page. Include Postal address, email address and mobile number with country code of all the mentioning the corresponding author. Titles and headings should be as short as feasible within 12 words. Avoid using footnotes—instead use referencing. Units should be SI or American with SI in parentheses. Be as concise as feasible – avoid unnecessary or repetitive information. The annotated report checked by PDS to be submitted with manuscript. The similarity should be within 15% with self-plagiarism and with exclusion of common words and quotes. The full article should be between 25,000 to 35,000 characters with space. The article should be submitted with 25 mm margin on each side on A4 size, using 12 font size times roman letters, single space in word file and pdf files in single column. Each figure and tables with good readability should be cited in the text.

---

**ABSTRACT AND KEYWORDS:** Abstract (mandatory) in 200 words should clearly outline the main idea of the paper. Include five keywords after the abstract for indexing purposes.

---

**ILLUSTRATIONS:** All illustrations (tables, graphs, photographs and figures) should be properly identified by numbers and with short caption. Each illustration should be cited within the text. The illustrations should mention sources wherever required.

---

**REFERENCES:** APA (American Psychological Association) system should be used. Consecutively numbered or alphabetized in a reference list at the end of the paper. All references should be complete and give adequate information.

---
